

## JUDGE LANDIS WILL HEAD PROFESSIONAL BASEBALL LEAGUES

Accepts Position Tendered by Major League Club Owners—Will Continue Work on Bench and Receive Salary of \$42,500 Per Year—Is National Figure and Noted Fan

CHICAGO, Nov. 12.—Federal Judge Kenesaw Mountain Landis today accepted the "chairmanship of professional baseball after it had been tendered him by unanimous vote of the sixteen major league clubs and thereby became the final court of appeal in all matters of administration which may come up between the National and American leagues and any minor league clubs which voluntarily join in the proposed re-organization of baseball.

Judge Landis was hearing a case in which \$15,000 bribe in connection with an income tax case charged when a committee of eight club owners called on him. The magnates filed into the court room, hats in hand, the judge sharply banged his gavel down and ordered them to make some noise. When informed of their mission he had them escorted to his chambers where they were kept in waiting for 15 minutes before the judge would listen to the offer which increased his salary from \$7,500 a year to \$50,000 annually.

While the magnates waited, the judge conducted the bribery trial in his usual vigorous fashion and gave vent to some scathing remarks about the men who falsify their income tax returns. "The penitentiary is too good for them," he remarked.

### PERSONNEL OF COMMITTEE.

Waiting on the judge were Charles Comiskey, president of the Chicago American League Club, William Veeck, president of the Chicago Nationals, Jacob Ruppert of the New York Americans, Mark Griffith of the Washington Senators, Garry Herrman of Cincinnati, John Dreyfuss of Pittsburgh and John Breardon of the St. Louis Nationals. Later they were joined by Connie Mack of the Philadelphia Athletics, Robert Quinn and James Dunn of Cleveland.

At first the judge refused the offer on the ground that "the love position as judge" too much quit the bench. Finally, however, he agreed to hold both positions but specified that his base salary should be decreased by \$5,000, the amount he receives as judge. It was agreed that as chairman he should receive \$42,500 a year instead of the \$50,000 originally offered.

After the meeting Judge Landis took Clark Griffith, a personal friend over to a window.

### Why He Took the Job.

"Griff," he said, "I'm going to tell you just what I took this job. I want those kids down there on the street. See that airplane propeller on the wall? Well, that explains my acceptance. You see that propeller was on the plane which my son, Major Reed Landis, flew while overseas. Reed and I went to one of the world series games at Brooklyn. Outside the stands were a bunch of little kids playing around. Reed turned to me and said: 'Dad, wouldn't it be shame to have the game of these little kids broken up? Wouldn't it be awful to take baseball away from them?' Well, while you gentlemen were talking to me looking up at this propeller and in accord with my remark in Brooklyn, Griff, I've got to keep baseball on a high standard for the sake of the youngsters, that's why I took the job; because I want to help."

### Judge Landis' official acceptance was made in the following statement:

"I have accepted the chairmanship of baseball on the invitation of the sixteen major league clubs, at their request and in accordance with my own earnest wish to remain on the bench and continue my work here. The opportunities for real service are limitless. It is a matter to which I have been devoted for nearly forty years. On the question of policy, all I have to say is this: the only thing in anybody's mind now is to make and keep baseball at the millions of fans through out the United States want it to be."

## BASKETBALL GAME AT DAVID PRINCE

Century team will play Arenzville—Curtain Raiser by Second Team.

The basketball five of Century church will play a game with Arenzville high school in David Prince gymnasium this evening. Century has been practicing hard for the contest and expects to be returned a victor. Prior to the main contest the second team will play a curtain raiser with a picked team.

The first game will start at 8:30 o'clock and the main game at 8:45 o'clock.

## VALUATION TAX IS PROVIDED IN NEW CONSTITUTION

Agreement is Finally Reached by Convention

WILL BRING IN ABSENT MEMBERS

SPRINGFIELD, Ill., Nov. 12.—Taxation of incomes from intangible property such as stocks and bonds, but a valuation tax against all other property was provided for today by the constitutional convention in the adoption of the majority report of the revenue committee.

After refusing three other plans including that of Delegate Henry I. Green of Urbana, which would levy a straight income tax against all property the convention adopted the majority report. It provides that the legislature may if it sees fit, enact a graduated and progressive income tax against intangible property.

### Classification is Eliminated

Classification of intangible property is eliminated by the section and it is provided that the highest rate of the income tax shall not exceed four times the lowest rate. The amendment reducing the highest rate from six to four was offered by Amos Miller of Chicago. "Agreement upon Section One," President Woodward said, "was a commendable accomplishment. No difficulty is anticipated in adopting the rest of the committee report and the passing from it next week to consideration of the article on initiative and referendum. However, an amendment to the revenue report, adding a provision for public financing of public utilities operated or to be operated by municipalities, will be offered by Morton D. Hull of Chicago. The amendment may cause some heated debate."

Attention is called in the application to the fact that Austria was given assurance when she signed the treaty of St. Germain that she would be admitted to the league at the proper time and, it says, the proper time has come. Austria, it explains being ready to fulfill all her international engagements thinks she ought to bring to the family of nations.

### The Secretariat has received no intimation that Germany will apply for admission.

It appears that the neutral countries which announced they would consider the necessity of retiring from the league if Germany was not admitted hesitate to take the responsibility of proposing her election in the absence of any steps on the part of Germany. By some interested persons it is believed the chances now are that Germany must apply for admission herself or the question will not come up, also certain circles hold that Lord Robert Cecil is likely to propose her election.

### Some of the delegates who have arrived here for the meeting of the league assembly decline to be put in the position of offering Germany membership, which they believe she might or might not accept.

## ILLINOIS TEAM TO BLOOMINGTON

Will Witness the Game Between Millikin and Wesleyan—Hope to Get Some Valuable Pointers on Millikin's Style of Play.

Coach Harmon will take his entire first team to Bloomington this morning where they will witness the game between Wesleyan and Millikin which will be played on Wilder field this afternoon.

Coach Harmon had a game scheduled with Eastern Normal of Charleston for this afternoon. However, Normal has a weak team this year and has only been playing with the weaker teams of the conference. Harmon was of the opinion that a game with such a weak team would be a detriment rather than a benefit and the game was cancelled.

### During the week the men have been working hard and this will continue through the coming week in preparation for the Millikin game which comes a week from today.

Illinois College will make this game the annual come coming. Fifteen hundred post cards as well as press matter will be sent out to graduates and former students and newspapers throughout the state and it is expected that hundreds of former students will journey back to the hill to see the game and renew acquaintances.

Members of the Illinois squad should be able to get some valuable pointers on Millikin's style of play by witnessing the game this afternoon. When they line up against Millikin next Saturday they will know just what to expect.

### The men who will make the trip in addition to Coach Harmon are:

Fanning, Itner, Gunn, Fiedling, Andrew, Reid, Mellon, Cully, Barnes, Scott, Rogers. This was the team that started against Wesleyan and probably will start the Millikin contest.

## REV. W. H. FULLER SPEAKS AT L. C. EXERCISES FRIDAY

The Rev. W. H. Fuller, pastor of the Congregational church of Waverly, gave a very interesting and helpful address at the chapel exercises of Illinois college Friday morning. He spoke to the students on "The Religion of a Growing Life." His subject dealt with the following phases of the religious life of a growing person: Belief in a God who will insure consistency and unity in all life; an intelligent use of the Bible; and the social life and employment of one's capacities for service.

## TO ATTEND CHURCH CONFERENCE IN BOSTON

Dr. Joseph R. Harker left Friday night for Boston to attend meeting of the council of boards of benevolence of the Methodist church. Dr. Harker is a member of the commission of life service. The sessions will last for a number of days and matters of large importance to the church will be discussed.

## President Wilson Issued Thanksgiving Proclamation

WASHINGTON, Nov. 12.—President Wilson issued his Thanksgiving proclamation tonight saying that "in plenty, security and peace our virtuous and self-reliant people face the future," and setting aside Thursday, November 25, for the usual observances. The text follows:

"The season approaches when it behooves us to turn from the distractions and pre-occupations of our daily life that we may contemplate the miracles which have been vouchsafed to us and render heartfelt and unfeigned thanks unto God for His manifold goodness.

"This is an old observance of the American people deeply imbedded in our thoughts and habits. The burdens and the stresses of life have their insistence.

"We have abundant cause for thanksgiving. The seasons of the year are rapidly healing. The great army of free men, which America sent to the defense of liberty, returning to the grateful embrace of the nation have resumed the useful pursuits of peace, as simply and as promptly as it rushed to arms in obedience to the country's call. The equal justice of our laws has received steady vindication in the support of a law-abiding people against various and sinister attacks, which have reflected only the baser agitations of war, now happily passing.

"In plenty security and peace, our virtuous and self-reliant people face the future, its duties and its opportunities. May we have vision to discern our duties, the strength, both of hand and of resolve to discharge them; and the soundness of heart to realize that the truest opportunities are those of service.

"In a spirit then of devotion and stewardship we should give thanks in our hearts and dedicate ourselves to the service of God's merciful and loving purposes of His children.

"Wherefore, I, Woodrow Wilson, President of the United States, do hereby designate Thursday, the Twenty-Fifth Day of November, next, as a day of Thanksgiving and prayer and I call upon my countrymen to cease their ordinary tasks and vocations upon that day giving it up to the remembrance of God and His blessings and their dutiful and grateful acknowledgments."

## AUSTRIA MAKES APPLICATION FOR LEAGUE MEMBERSHIP

Application is Signed by Minister Herr Mayer

GERMANY MUST TAKE FIRST STEP

GENEVA, Nov. 12.—(By The Associated Press.) Austria's formal application for admission to the league of nations, signed by Herr Mayer, minister of foreign affairs was received by the secretariat of the league this morning.

Attention is called in the application to the fact that Austria was given assurance when she signed the treaty of St. Germain that she would be admitted to the league at the proper time and, it says, the proper time has come. Austria, it explains being ready to fulfill all her international engagements thinks she ought to bring to the family of nations.

## DAIRY BARN BURNS AT MURRAYVILLE

Large Barn of R. D. Rimbey Destroyed by Fire—Origin is Unknown—Loss \$4,000 Partially Insured.

Murrayville, Nov. 12.—Fire of unknown origin totally destroyed the large dairy barn of R. D. Rimbey in the south part of town about 11:30 o'clock tonight. The loss is estimated at \$4,000 partially covered by insurance.

The fire was first discovered by some one on horseback who aroused the family. However, the flames had gained such headway that there was no chance of saving the structure.

Four horses owned by Everett Pennell were in the barn and were gotten out with difficulty. Lawrence Pennell a son of Mr. Pennell received a painful burn on the arm while helping save the horses.

The barn was a large structure and was erected some years ago by Mr. Rimbey. It had a large quantity of hay and some corn which also was destroyed.

## UNION BAPTIST CHURCH NOTICE

Services for Sunday at Union Baptist church will be as follows: Sunday school 10 a. m., morning worship 11 o'clock, theme "The Call of Matthew." Evening service at 7 o'clock, theme "The Value of Little Things." L. H. Williams, minister.

## LIVESTOCK MAN HERE.

W. B. Gousseff of Peoria, secretary of the Illinois Duroc Breeders' association, was in Jacksonville Friday for a few hours and met with a number of livestock breeders at the farm bureau office. Mr. Gousseff went to Waverly in the afternoon to take part in the program there last night.

## CONFIRM REPORT OF CRUSADE ON HOME BREWING

Means of Enforcement are Not Made Known

CANNOT MANUFACTURE FOR OWN USE

WASHINGTON, Nov. 12.—(By The Associated Press.)—The internal revenue bureau informal statements today confirmed reports that a crusade against home brewing of alcoholic beverages is planned by the government's prohibition enforcement agencies. The bureau did not reveal, however, the means it proposed to employ in the campaign nor admit that it had approved preliminary instructions by Prohibition Commissioner Kramer directing that sales of malt and hops be restricted to bakers and confectioners.

"If malt extract, hops isinglass gelatine or other materials are sold or advertised for sale in circumstances which show that they are advertised or sold for use in the unlawful manufacture of intoxicating liquor said a statement issued tonight by Commissioner Williams of the internal revenue bureau it is the purpose of the bureau to prosecute persons so offending."

### Home Brewing Illegal.

The so-called home brew beer manufactured in the home for beverage purposes, even tho for the sole use of the family and bona fide guests, is, under the bureau's construction of the law, illegal and the sale of materials for the purpose of such manufacture is likewise illegal.

Commissioner Kramer was still absent from the city tonight and no authoritative statement of the nature of such instructions as he has already issued in the anti-home brew campaign was obtainable.

The statement of the federal prohibition director of Ohio, however, that he had received instructions from Mr. Kramer to prevent sales of malt and hops except to bakers and to confectioners has not been denied by the internal revenue bureau although it is understood that Commissioner Williams has not as yet approved these specific orders.

The only information obtainable today at prohibition headquarters indicated that the order restricting the sale of malt and hops to which the Ohio director referred were in the form of confidential instructions sent to all officers. This method is commonly employed by Commissioner Kramer in all orders issued, no publicity being given to them except in unusual cases.

Commissioner Williams' statement declared it had "never been the purpose of the internal revenue bureau to interfere with any legitimate business," but added that there appeared to have been a misunderstanding as to the right to manufacture "malt liquors for home consumption."

"In connection with the called home brew beer the statement continued, the impression seems to prevail among some people that materials usually used in the manufacture of intoxicating liquors may be sold freely and legally, even tho for the purpose making intoxicating liquors. When such materials are sold for the purpose of being converted into lawfully manufactured intoxicating liquors such transactions of course, are legal if the law and regulations with reference to such manufacture are complied with."

The commissioner cited provisions of the law which state specifically the articles and contrivances "intended" to be used in the manufacture of liquors cannot be sold except under permit.

It was indicated that prohibition officers believed they could restrict the sale of malt and hops under these provisions.

## REBEKAH LODGE HAS HOMECOMING

Jacksonville Lodge No. 13 Have Homecoming Gathering—Program is Given.

Jacksonville Lodge No. 13, Rebekahs enjoyed a homecoming in Odd Fellows temple Friday evening. There was a large attendance of members and the occasion proved most enjoyable for all. The regular business was held at which time several applications for membership were received. It was planned to confer the degree in the near future as several candidates are on the waiting list. Following the meeting a brief program was given. Vocal solo—Nelle Self. Reading—Frances Altkre. Duet—Fern Haigh and Joyce Estaque. A social hour was then enjoyed and refreshments were served.

## KANSAS FLOUR MILLS ARE ABOUT TO SHUT DOWN PLANTS

Owners Have Been Ordered to Appear Before the State Court

MILLERS GIVE REASON FOR CLOSING

TOPEKA, Kans., Nov. 12.—The Kansas flour milling industry is on the verge of a shutdown, according to a statement made today by John H. Ismert, head of a large company which operates mills here and in Kansas City. Mr. Ismert added that a number of mills including his own, had already suspended operations.

Seven Topeka milling concerns yesterday were ordered to appear before the state court of industrial relations and show why they should not be held to be violating the industrial court act "for curtailing production in an essential industry to influence prices."

Gives Reasons for Closing. Millers maintain that reduction of production and cutting of forces have been necessary for the following two reasons:

First—Because northwestern millers, who have been buying Canadian wheat can manufacture flour for \$1 a barrel cheaper than flour can be manufactured in Kansas.

Second—Action of the United States shipping board two weeks ago in cutting the "differential" (duty) on wheat from 25 cents to five cents and not cutting the export duty on flour.

"Under the new export duty English and European millers can import American wheat and put flour on the market cheaper than the American flour can be placed on the foreign market," said Mr. Ismert. "This has opened up a foreign market for wheat but naturally operates against the flour industry here. The millers in the northwest who have been buying Canadian wheat can manufacture flour a dollar a barrel cheaper than it can be manufactured in Kansas."

## WITNESS TELLS OF SOME CRITICISMS OF WILLIAM G. M'ADOO

Meehan Tells What He Heard Said of Former Secretary

DISMISSALS IN SOUTHERN YARDS

NEW YORK, Nov. 12.—Alleged activities previously referred to in testimony and reports before the Walsh committee now investigating facilities of the United States shipping board was again touched upon in a testimony presented here today.

Congressman Israel M. Foster, questioning John T. Meehan, deputy chief of the board's bureau of investigation asked if there had been any loss to the government thru political influence.

### Tell of McAdoo Criticisms.

The witness replied that he could not say there had been any such criticism of the witness said that he had heard some criticism of William G. McAdoo after he had resigned the office of the witness added that Mr. McAdoo had appeared before the board on behalf of the Morse interests. "I do not want to be understood," the witness continued, "that it is even inferred that Mr. McAdoo has interfered with or has been harmful to the board in any way. He explained he was testifying only as to criticisms he had heard."

Mr. Meehan also said that while most of the investigations of his department has been of the activities of minor employees his department had not overlooked officials. He repeated previous testimony that no irregularities had been discovered among the board's officers.

Reference was made, however, to department heads—particularly in Southern district ship yard where dismissals had taken place at his recommendation. One of these dismissals was brought about, he said, by what he termed undue and unnecessary delay as well as exorbitant expense in repairs to a wooden ship. The final repair bill on this ship, he said, amounted to fully \$200,000 and the ship could not be sold today for \$75,000.

## A FINE CHICKEN SUPPER

Thursday evening the Clio circle of the Litterberry Christian church gave their annual chicken supper which was well attended. As a matter of course everything was excellent and abundant and greatly enjoyed by a large number of patrons. Among the Jacksonville visitors were C. L. Mathis and G. B. Andre.

## ATTEND FUNERAL OF RELATIVE

Jesse and Henry Itner went to Pittsburg Friday to attend the funeral of their cousin, Earl Hoskins, whose death occurred at Neeleyville, Mo., where he had removed from Pike county a year ago. The Itner brothers are students at Illinois College.

## MRS. DWYER DIES FROM INJURIES IN AUTO ACCIDENT

Train Crashed Into Car at C. B. & Q. Crossing Near City

HUSBAND AND CHILD ALSO INJURED

Mrs. John Dwyer of Franklin is dead and her husband and step-daughter are patients at Passavant hospital as the result of injuries received when their automobile was struck by a Burlington passenger train southeast of the city about 3:25 o'clock Friday afternoon.

Following the accident the train crew brought the injured to this city and they were taken to Passavant hospital where they were attended by Dr. Carl E. Black. Mrs. Dwyer died at 6 o'clock Friday evening without regaining consciousness. Dr. Black said that her death resulted from shock caused by internal injuries. She was badly bruised about the body but no bones were broken.

Mr. Dwyer is also suffering from profound shock and Dr. Black believes there is a chance of recovery. However, he had not regained consciousness at a late hour last night and it has been impossible to make an X-ray examination to ascertain the extent of his injuries.

The little girl has a fracture of the left leg above the ankle and also bruises about the body. However, her injuries are not of a serious character and she did not lose consciousness.

Mr. and Mrs. Dwyer have been residing some months with Mrs. Dwyer's parents, Mr. and Mrs. Francis M. Spiess, near Franklin. Yesterday they came to Jacksonville to take back Mr. Dwyer's little girl, aged three years, who has been visiting with relatives here.

### Were Returning Home.

They were returning home Friday afternoon when they were struck by south bound passenger train No. 48 on the Burlington road at the Woods crossing three and a half miles southeast of the city. A passenger on the train stated after the accident that he saw the automobile approaching the crossing at a rapid rate and remarked to a fellow passenger that he wondered if the driver did not see the approaching train.

Evidently Mr. Dwyer drove on the track directly in front of the onrushing train. The automobile was completely demolished. A remarkable thing about the accident is the fact that the broken pieces sustained by the little girl, none of them had any broken bones.

Mrs. Dwyer before her marriage was Miss Della Spiess, daughter of Mr. and Mrs. Francis M. Spiess of the Providence neighborhood. She was born and reared in that vicinity.

Prior to her marriage she was in training at the School for Nurses at Passavant hospital. She had been to years at the hospital at the time of her marriage and was highly regarded by the hospital authorities and her co-workers. She was a member of the Methodist church and a woman of fine Christian character and much esteemed in a wide circle of friends to whom news of her untimely death will come as a great shock.

Besides her husband and step-daughter she is survived by her parents and two brothers, Edgar Spiess of Colorado, and Fred Spiess of the Providence neighborhood.

Coroner Rose was notified of the accident and will hold an inquest today. The remains of Mrs. Dwyer were removed to the undertaking parlors of Arthur G. Cody and prepared for burial. The time of the funeral will be announced later.

## FIRE ALARM.

A fire alarm late Thursday afternoon took the department to the residence of R. W. Sparks on Hardin avenue. There some trash in the furnace air pipe caught fire but no damage was done, the fire being extinguished before the arrival of the fire department.

Naturalists say that the fur of animals this year is very light and that is a certain sign of an open winter. Everybody but the coal operators will hope that this old-time weather sign doesn't fail this year.

At the university of Illinois 96 women are now studying architecture. Just a few years ago the largest class of women studying this same subject numbered 12 or 13. Evidently women believe that later on there is going to be a lot of activity in the building line in order to make up for the present housing shortage. Probably that very thing will happen.

It's no wonder that the Democrats are looking about for a

business man of acknowledged ability to take the chairmanship of the party's national committee. Barney Barusch is said to be among the men considered. There has been so much theorizing in the management of government affairs in these past years that the Democrats have seen the light and after the body blows given the party on election day are doubly certain that some radical changes must be made in the Democratic program.

## TEACHIN' WORK MORE ALLURING

For more than a year past there has been an acute shortage of teachers the country over, and there are still some schools without pedagogues because the directors have been unable to secure them. Yesterday 36 candidates for teachers' certificates took the examination at the office of the county superintendent of schools. Normally 10 or 12 persons take the November examination.

The increase in salaries which have come to pass in both city and county schools is having its effect and young people are now turning toward teaching work, whereas they yielded to the lure of the higher salaries offered in business and industrial lines.

## BUSINESS IS BETTER IN SPOTS

Many industries are closing down and in some lines there are

unmistakable signs of unemployment. Nevertheless there are bright spots in the industrial situation, which show that as yet there is no reason for alarm.

At the Pullman car factory a year ago 2,000 men were employed and now there are 10,000 in the same plant. All of the big railroads have extensive rehabilitation and extension plans under way and can be counted on to absorb thousands of additional workers in the coming months. The situation now seems to be that most workers who leave one line are able to find employment in another.

## NEW YORK AND EX-SERVICE MEN

The genuineness of the desire of American people to show appreciation of the service of men who were in the world war is found in the election results in New York state. There the people by a goodly majority voted to pay a bonus to every New Yorker who served in the war. It is provided that the service must have been for more than two years and at some time between April 6, 1917, and Nov. 11, 1918. There are provisions so that payment will not be made to non-residents of the state, but the law as a whole gives certain proof of the appreciation of the New York people, and their recognition of an unpaid obligation to the world war veterans.

## THE DANGER AT RAILROAD CROSSINGS.

Ex-service men who were in France were much impressed with the system in vogue there which requires gates at every railroad crossing. The country is populous, there is a great deal of traffic along the highways and this plan gives almost certain protection to the public. The automobilist who approaches a railroad crossing is thus compelled to wait until the gates are opened.

Possibly the population is not dense enough in all localities in the U. S. to adopt just such a system, but evidently the time is coming when something must be done to afford the travelers on country roads a greater degree of

protection. At this season of the year if one is riding in a closed car or curtained car, with true in warmer weather, failure to bear an approaching train is an easy matter. All too many of the railroad crossings in this locality and in other localities are of such a kind that an approaching train is obscured from view until the crossing is reached. The sad crossing accident yesterday only furnishes additional proof of the need of some new railroad crossing plan in country districts.

## OUTLAY FOR RURAL ROADS AND BRIDGES INCREASES

During the calendar year 1919, 46 states of the Union expended over \$400,000,000 on their rural roads and bridges. The Bureau of Public Roads of the United States Department of Agriculture recently announced. This total is made up of the actual cash expenditures for such items as labor, materials, supervision, and administration, amounting to \$389,455,931, and convict labor and statute labor, the value of which, not definitely known, is estimated at about \$12,000,000. So far as possible, all expenditures on city streets within incorporated towns and cities and all items sinking-fund payments or the redemption and interest payments on road and bridge bonds have been excluded.

The road and bridge expenditures for 1919 show an increase of approximately 33 1-3 per cent over those of 1918 and 70 per cent over those of 1914. More striking, however, is the increase in the proportion of the total funds supervised by the several state highway departments. In 1918 the expenditures by or under the supervision of the state highway departments, in 1918 the expenditures by or under the supervision of the state to \$117,285,268, while the total road funds, over which they exercised no control whatever, amounted to \$168,812,925. In 1919, however, the state highway departments supervised the expenditure of \$200,292,694 as against the total of \$189,163,237 expended by the local road and bridge authorities.

## Rippling Rhymes

By Walt Mason

Jay Walkers.

The men who drive the choo-choo boats are pinched and fined some useful groats, when they're discovered speeding; and all the witnesses applaud when justice roars them for their wad—they get just what they're needing. The motorists are much to blame, and folks are always crying, "Shame!" We daily hear their droolings; but half the trouble on the street is caused by jays who ply their feet without regard to rulings. The man on foot breaks all the laws, breaks every rule that ever was, nor cares a cheap suspender; and when my auto runs him down, and spreads his fragments through the town, I find I've no defender. The people gawk round my car and talk of feathers and of tar in tones that throb with passion; the man on foot's a sacred jay; the motorist is wrong always; and stiff fines are the fashion. I drive my car with ceaseless care, and yet I'm always in despair, jay walkers are so busy; they get before my chugging wain, as though determined to be slain, they are so brash and dizzy. They cross the street where'er they please, between the moving cars they squeeze they dodge at every angle, and when I've driven for a mile I can no longer sing and smile—my nerves are all a-jingle.

## ART EXHIBIT WILL

BE OPEN TOMORROW

In spite of the cold and the many counter attractions in our city, many lovers of art attended Thursday evening the water color collection exhibit from Washington and New York City at the David Strawn art home. The exhibit is given free of charge to the public, so that the greater number may enjoy it and profit by the study of the finest water color paintings of noted American artists are sending out. Many words of admiration and commendation also were expressed for the beautiful home so generously given to the Art association—a great soundly built house, as fireproof as brick and stone can make it.

So many have expressed the wish to have the exhibition open on Sunday that the Art association committee has consented. It therefore will be open to the public Sunday, Nov. 14, from 2:00 to 6:00 p. m.

## WINCHESTER STUDENTS TO ORGANIZE NEW BAND

Second Musical Organization to Take Over Instruments of Present Band, for Which New Instruments Are Ordered—Old Fellows Initiate—Other News Notes.

Winchester, Nov. 12.—Bandmaster F. W. Waters has ordered a full set of new band instruments. The old instruments will pass on to a new class composed of students from the eighth grade. It is the expectation that there will be about 24 members in this band and the hope is that it will be ready for the first public appearance the last day of school. The band organization has \$681 in the treasury and this sum will go toward paying for the new instruments. The organization is a live one and the progress made is a source of gratification and pride to the city.

The Old Fellows initiated a class of 32 Friday afternoon and evening. The ladies served a splendid banquet at the M. E. church partaken of by a company of 145.

County Superintendent of Schools Miss Wells held a teachers' examination Friday and will hold another Saturday.

Mrs. Elmer Scott is confined to her home by an attack of measles.

Mr. and Mrs. Tom O'Donnell were Jacksonville visitors Friday.

Mrs. L. V. Hobert was a visitor with relatives in White Hall Thursday.

F. Dillman was a business visitor in St. Louis Wednesday.

Mrs. Herman Smith has been confined to her home by illness the past week but is somewhat improved at the present time.

W. B. Clark received a message Friday telling of the death of Dr. Oscar Edmondson, which occurred Friday morning at St. John's hospital in Peoria. The funeral will be held Sunday afternoon at Clinton, the home of Dr. George Edmondson, brother of the deceased, and interment will be made there.

The deceased was born and reared in Scott county but has number of years. He had been a resident elsewhere for a number of years. He had a large number of friends in Scott county all of whom will regret to learn of his passing.

The musical department of the Woman's club will give a concert in the Christian church Sunday evening, Nov. 21. The offering will be given to the relief committee to help with the Thanksgiving donation.

## WOODSON CHRISTIAN CHURCH

A special service is to be held next Sunday evening. The Presbyterian church and the pastor, Rev. A. E. Powell have been invited to have part in this service. There are 17 stars on our service flag, and all of the boys represented save one, have survived, and many of them are expected to be present and have part in the demobilization of the service flag. We will have some special music, and some short addresses by Rev. A. E. Powell, Dr. G. W. Miller and the pastor, H. H. Fuller.

We are planning for a larger and better Bible school at 9:30 a. m. The men's class should reach 50 in attendance and we are planning for 50 before Christmas time. Let every man shoulder his Bible and be there next Sunday morning. Preaching at 11 a. m. following the communion service. Junior congregation is growing and will soon become a real factor in the church work. Christian Endeavor at 6 p. m. led by William Crain. You are invited to all these services.

I. H. FULLER, Pastor.

## A BOLD MAURAUDE

Thursday night Capt. Wesley James had an experience with a bold marauder on his premises and any one with less iron in his blood and bravery in his soul might have been seriously alarmed but not so with the doughty captain who knows how to face danger in any form.

There is on his premises a persimmon tree laden with fine fruit which had been mysteriously disappearing. It was evidently taken at night for no one was seen approaching the place during the day and a great mystery surrounded the matter. On the evening in question the captain had been detained out rather late by business and as he was driving into the garage he saw an object before him on the driveway whose appearance puzzled him. It wasn't a cat, a bear, a catamount. No, it was a "possum, big, sleek and fat after eating on possums for many nights. Before the captain could land and get after the critter it had vanished and has not been seen since. Possums are wonderfully good eating being almost indistinguishable from a young pig but the worthy officer didn't have the pleasure of testing the fact.

## JACKSONVILLE WILL MEET SPRINGFIELD

Play Capitol City Boys This Afternoon — Coach Mitchell Expecting a Hard Game.

Coach Mitchell will take his high school warriors to Springfield this morning where they will meet the high school team of that city this afternoon.

During the past week the squad has been going thru a grueling drill in preparation for the game. The men all came out of the way early game in good shape and are prepared to put up a hard fight this afternoon.

Not much is known of the Springfield team. They were defeated early in the season by Waverly. However, since then they have improved greatly and have a 14 to 0 victory over Bloomington high and held the strong Decatur team to a low score.

If Jacksonville plays the kind of football she played against Waverly and Peoria Manual she should bring home the bacon. Mitchell's squad as it stands today is a dangerous foe for any high school team in this part of the country.

Get at the Real Cause—Take Dr. Edwards' Olive Tablets  
That's what thousands of stomach sufferers are doing now. Instead of taking laxatives, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.  
Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.  
Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.  
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.  
Take one or two at bedtime for quick relief. That's what you like. 10c and 25c.

**"DON'T COME HOME WITHOUT MY DRECO"**  
This Lady Had Gastritis, Was Constipated, Bilious, Couldn't Sleep—Back and Limbs Ached. Dreco Gave Great Relief.  
"My wife gave me strict injunctions not to come home without her Dreco," said Mr. A. J. Frazier, who is electrician at Fowler Bros. plant and lives at 1206 N. Monnd street, Centralia, Ill.  
"She has been suffering with her stomach for some time, after every meal she would bloat up with gas and have pains. Her liver was lazy and didn't do what it should so her system was filled with excess bile which caused her to get so dizzy she could hardly keep on her feet. She suffered so that she was just a bunch of nerves and got very little sleep.  
"If you'll believe me, she hadn't been taking Dreco more than a week before she was entirely rid of the gas, had no more dizzy spells, bowels were regulated, her nerves were quieted and all the ache and stiffness left her limbs and back. She can run up and down stairs like a girl, can stoop and bend at will and says she is going to keep on taking Dreco so her good health will be firmly established. I surely am glad to have her well again and feel very grateful to Dreco for restoring her to health."  
All druggists now sell Dreco and it is being especially introduced in Jacksonville by Coover Rug Co. and J. F. Shreve. Adv.

The proper nourishment takes us along the journey from here to there. What ever your work-a-day duties, you should be properly fed. Our one ambition is to supply you with the proper meats and every one in this town knows how well we are succeeding.

**URGES USE OF ROCK PHOSPHATE**  
H. H. Armstrong, representative of the Illinois Agricultural association, is here for a conference with County Agent G. B. Kendall and officers of the Morgan county farm bureau with reference to shipment of phosphate. The association this year contracted with a Tennessee firm for a considerable tonnage of phosphate and a few cars are still to be placed for delivery in the months of November and December.  
Because of the large purchase made the association was able to secure a favorable price and the cost delivered here in Morgan county is about \$11 a ton. Because the price was low when made and for the further reason that the manufacturing company has considerable increase in fuel and other costs, the association does not look for lower prices during the coming year.  
**Jersey gloves 25c at TOMLINSON'S**

**FOOD RULES FOR SCHOOL CHILDREN**  
The Illinois Department of Health has issued the following:  
1. Begin the day by drinking a glass of water and drink at least six glasses during the day.  
2. Do not go to school without breakfast.  
3. Eat regularly three times a day.  
4. Eat slowly and chew all food well.  
5. Drink milk every day—four glasses are not too much.  
6. Eat some breakfast cereal every day.  
7. Eat some vegetable beside potato every day.  
8. Eat bread and butter every meal; dark breads are best.  
9. Eat some fruit every day.  
10. Do not eat candy between meals; eat candy and other sweets only at the end of a regular meal.  
11. Do not drink tea or coffee, it does the body no good but does it harm.  
12. Do not eat or touch any food without first washing the hands.  
13. Do not eat fruit without first washing it.  
14. Do not eat with a spoon or fork which has been used by any other person without washing it.  
15. Do not drink from a glass or cup which has been used by another person without washing it.  
16. Do not eat from the same dish with any other person.

## MADE SINGLE TAX TALK TO ROTARIANS

Louis Wallis of Fels Foundation  
Discussed Some of the Troubles  
of Business Men.

Louis Wallis of the Joseph Fels commission of New York, Chicago and London, was the speaker at the Rotary club luncheon Friday at the Pacific hotel. Mr. Wallis emphasized the need for optimism and faith in America's future, and incidentally suggested that many present ills are due to the taxing system which places no taxes on improvements or personal property. Judge E. S. Smith also a guest of the club took part with the single tax idea and an interesting exchange of arguments followed.

Among other things Mr. Wallis said: "The public is told much about the wrongs of the laboring man, but hears little about the unjust conditions which business men as a class are compelled to face. The burden of both our national and local governments today presses down upon business like an iron weight. You are taxed in precisely the degree that you put energy and ability into your business. We are told that we need more production, and yet production itself is legally penalized and blocked."

"The business of agriculture is being choked off through heavy taxes and high land prices. The working farmer is falling behind in the struggle for existence because of the burden of direct taxation, high rental or high interest on the purchase, and the expense of sending his produce to market. Consequently the farming districts are losing their population while at the same time the industrial centers are being overcrowded with restless laboring people who unjustly blame business men for existing conditions."

### Canada Steals Farmers.

"The business man who makes use of a location for productive purposes is taxed far higher in proportion than if he simply holds land out of use altogether on speculation. This tax differential is the cause of our high land prices and heavy ground rents although we are oversupplied with land. We penalize business and promote speculation. This unjust practice is inherited from aristocratic Europe. It has already wrecked business in the old world, and would have wrecked this country likewise long ago if we had not possessed a vast western frontier of cheap land as a kind of social safety valve."

"While we are asking what is to be done the Canadian government is quietly sending agents into the United States, taking away our farmers by the carload, and placing them in Manitoba and other provinces where there are no taxes on improvements, personal property and stock, and where the evils of land speculation are being checked by placing heavier taxes on land values, so that an increasing share of the ground rental goes into the public treasury in lieu of taxes on productive business. This change is being put into effect in Western Canada, Australia, New Zealand and British South Africa; and similar action must soon be taken in the United States if we are going to have a square deal for business and farming."

More Sweaters received today by express, for the small boy at TOMLINSON'S.

### Social Events

Surprise Party for William Kloppe  
A surprise party was given for William Kloppe at his home southeast of Jacksonville Friday evening, the occasion being his 35th birthday. About twenty of his friends were present and the evening was spent with games. At a late hour refreshments were served. The guests departed after wishing Mr. Kloppe many returns of the day.

Mrs. Newman Hostess To South Side Circle  
Mrs. William Newman was hostess to the South Side circle at her home, 869 East State street, Friday afternoon. The paper of the afternoon was prepared by Mrs. Cox, her subject being, "The Middle Atlantic States." Mrs. Cox was out of the city and the paper was read by Mrs. W. O. Weit. Following the program the hostess served refreshments. The next meeting will be held with Mrs. Wait, November 19.

Missionary Society of Centenary Church  
The regular meeting of the Woman's Foreign Missionary of Centenary church was held Friday afternoon with Mrs. McElfresh and Mrs. Blair. An interesting paper was presented by Mrs. Naylor, Mrs. J. W. Taylor and Mrs. Naylor reported on the recent district convention. Miss Mary Graves gave a talk on Bible study. The next meeting will be held with Mrs. Fenton Sanders, December 3.

### Sinclair Country Club Met Friday Evening

The Sinclair Country club met Friday evening at the beautiful country home of Mr. and Mrs. William Richardson. A large number of members and invited guests enjoyed the hospitality of the Richardson home.

The president Miss Fay Hert made a brief address of welcome. This was annual open meeting and the secretary read her annual report.

Franklin Scott of Illinois College gave several readings which were greatly enjoyed. Coach W. T. Harmon of Illinois college gave an interesting address.

Following the business session and program a splendid two course luncheon was served. This served by a committee under the supervision of Mrs. Robin Strawn. The next meeting will be held with Mrs. George Wheeler November 24.

## ARMY PHOTOGRAPHER VISITOR IN CITY

Capt. E. B. Schoedsack Filled  
Special Assignments During  
War Days. Later Was Attached  
to Peace Conference.

Capt. Ernest B. Schoedsack, recently discharged from the photographic section of the American Red Cross, and lately arrived from overseas, came to this city Thursday night for a visit with his uncle, E. A. Schoedsack, 832 East State street. Capt. Schoedsack is on his way from New York, where he landed several days ago, to his home at Los Angeles, Cal. He is a son of A. G. Schoedsack, who was formerly in business with his brother in this city.

The captain is a man of striking appearance, considerably above six feet in height. He is a motion picture photographer by trade, and upon his enlistment in the army in the summer of 1917, he was assigned to the photographic section of the public information service. His headquarters were in Paris, after he went overseas in the spring of 1918, and from there he was sent on special assignments with the armies in the field. Part of the time he was attached to the 77th New York division, his work being with the infantry, artillery or aviation corps, as occasion demanded. It is probable that many of the war pictures viewed by the American public on the screen are the work of Capt. Schoedsack.

At the close of the war, the captain was assigned to the peace conference in session at Paris. His last aerial assignment was a flight over Paris to photograph the scene in that city as Wilson entered it.

In February of 1919, Capt. Schoedsack was transferred to the Red Cross public information service. His work in this department has led him all over Europe, but most of it has been with Red Cross missions on the eastern front. He was at Kief last summer when the bolsheviks took the town. The constant warfare back and forth across eastern Europe has made it very difficult for the Red Cross to get their hospital and other supplies to the places where they are needed, but as things are somewhat cleared up now, except for the Wrangel situation, there are many more opportunities for the Red Cross to do its work effectively.

The captain reports that the Russian people are looking forward to one of the hardest winters in their history. The people are starving because production is at a standstill. There is no work in the cities, and the only way by which the people of the cities can procure food is by trading what little personal property they have left to the peasants in exchange for scanty supplies. All money is valueless, and the people have gone back to the primitive bartering in their business transactions.

Western Europe is rapidly recovering from the effects of the war. France and Italy have made wonderful progress in this respect. Eastern Europe, however is still retarded because of the bolshevik menace.

Capt. Schoedsack says that he will probably return to Europe the first of the year. He believes that there is much work yet to be done by the Red Cross in that country, especially among the children. The situation in Europe has been left by the war is deplorable and the work of the Red Cross will be to bring relief to the children, insofar as it is possible to accomplish such an enormous task.

### SCHOOL NOTES

Regular monthly city teachers' institute will be held from 9 to 11 o'clock Saturday morning in the David Prince building.

The first part of the morning will be given over to general assembly at which time certain matters pertaining to the school system will be presented.

A second division of the morning will be devoted to sectional meetings. The high school teachers will discuss problems relating to their work. The junior high school will have a section for special consideration of certain subjects. A language section, composed of teachers of grades one to three, will be in charge of Mrs. Clara Cobb, principal of the Jefferson school. A geography section, consisting of teachers of grades four, five and six, will be in charge of Miss Agnes Lusk, principal of the Franklin school.

The third division of the morning will be given over to the demonstration of teaching physical training and hygiene, the morning's demonstration emphasizing the physical training side. Jefferson school pupils will demonstrate upper grade elementary school work; a class from the Washington school will demonstrate intermediate grade work, and a class from the Lafayette school will demonstrate lower grade work.

## MANY ARE SEEKING TEACHER'S CERTIFICATES

List of Applicants for Tests at  
County Superintendent's Office  
Is unusually Large.

H. H. Vasconcellos, county superintendent of schools, prepared for about fifteen applicants for teachers certificates and thirty-six came Friday to take the examinations prepared by the state certification board. Under the state law examinations are held in November and at two other periods during the year.

Some additional applicants will come today and altogether it is a record breaking class. Most of the young people are taking the examination for second grade certificates, altho several first grade certificates are also sought. Two other kinds are possible, those qualifying for high school positions and supervisory work.

It is noticeable in the list of names how large a percentage of the applicants come from the south part of Morgan county, and the territory just across the line to the south. Included in the number were all but two members of the senior class of the Manchester high school, Mr. Vasconcellos and his assistant, W. B. Lowery, spent a very busy day.

Applicants' Names.

Names of the applicants for certificates and their home addresses follow:

### LARGE AUDIENCE HEARS DR. VIOLETTE

Eleven United with the Church at This Meeting—Evangelist Read Tenth Chapter of Acts While Church was in Darkness Caused by Failure of Lights.

Last night was the best meeting of the series at the Central Christian church. Despite the cold and disagreeable weather, many were in from the country, and the large auditorium was filled to capacity. No meeting conducted by a single denomination in the city has attracted such widespread attention within the memory of the oldest residents. When the invitation was given last night eleven united with the church. Twenty-two have responded to the invitation in the last three evenings.

Dr. E. Violette of Kansas City, who is in charge is growing in the hearts of the people with each recurring appearance. The climax of his able and thoughtful discourse was probably reached last night. His subject was "The Best Institution in Jacksonville." His thesis was the place of the church in the program of life, civilization, human duty and privilege, and in the destiny of men and nations. For a solid hour of sustained and impassioned eloquence, he brought the call of the Kingdom of God to the hearts of his great audience. It would be difficult to describe the effect of Dr. Violette's preaching upon the people. Men and women laugh and cry and pray and then take a new grip on the fundamentals of religion.

An unusual thing took place at last night's meeting. Just a moment after Dr. Violette started to read the tenth chapter of Acts, which he had announced as his Scripture lesson, the lights went out and the building was left in total darkness. This particular chapter is one of the longest in the New Testament, but the darkness did not interfere with the reading, as he continued from memory, according to his usual custom. Absolute quiet prevailed during the reading and, when the lights were turned on again before he reached the end of the chapter, it was as if the whole thing had been prearranged. The outstanding feature of Dr. Violette's work is his familiarity with the text of Scripture, and the incident of temporary darkness last night revealed his command of his work and his audience under circumstances that would otherwise have caused great confusion.

Dr. Pontius, the minister of the church, is predicting a great day Sunday. The visitation committee are at work in preparation for the two great services, and special music will be a feature. At the morning hour Miss Louise Miller will sing Dudley Buck's "Fear Ye Not, O Israel." Dr. Violette will speak from the text: "Our feet shall stand within thy gates, O Jerusalem." At night the congregational singing will be

## East Indian Water Buffalo Hide

A unique display is now being shown in Myers Bros. window of a large East Indian Buffalo hide. This hide was loaned to the firm by the Hickock Mfg. Co., of Rochester, N. Y., who specialize in the making of Initial Belts. The display in the local firm's windows is a novel one and has attracted much attention. The belts made from this hide are very flexible and durable and when mounted with the Initial buckle make an attractive gift and are much sought as Holiday gifts. The display of belts should be seen to be appreciated.

# MYERS BROTHERS.

In charge of Prof. Pollock, who will also sing a solo. Dr. Violette announced the Ninth Psalm as his Scripture for Sunday evening. His subject will be: "The Man of Tomorrow."

Huran Reeve of Los Angeles, Calif., accompanied by his son Jack, is here visiting his uncle, John J. Reeve of this city. The gentleman is a great grandson of Huran Reeve who for some time enjoyed the proud distinction of being the oldest settler in the county.

Mr. Reeve has been in the metropolis of southern California fifteen years and conducts a successful hardware business. He sees a good many changes in the place yet has the pleasure of meeting many whom he knows and who are glad to greet him here again. He will be here a number of days. While he loves his native state he is loyal to California as any man living there should be and especially as he has been prosperous he has good reasons for liking his present home.

### CIRCUIT COURT NEWS.

The Vantuyt will case still continues in the circuit court with Judge Smith presiding. A number of witnesses were examined Friday but the taking of testimony is moving along rather slowly. Still other witnesses are to be heard and then comes the argument. The case will probably not be concluded until the early part of the coming week.

Attorney D. J. Staley presented to the court the case of Lela P. Seymour, who is seeking divorce from her husband, Grover C. Seymour, on the ground of cruelty. Order of default was entered against the defendant.
